ONLINE ATHLETIC CLEARANCE FAQs

What is my username?

Your username is the email address that you registered with.

Multiple Sports:

Once you complete a clearance for one sport and arrive at the Confirmation Message, you will have the option to check off additional sports/activities for the current school year. If you decide to participate in an additional sport/activity later on, you can access the multiple sport checkboxes by clicking on "Print" under the confirmation message of your original clearance for that specific year.

Physicals:

The physical form your school uses can be downloaded from the physicals page. Most schools will accept the physical online (done by uploading the completed form on step #1) as well as turning in a hard copy to the athletics department.

Document Library:

This area is meant to store your files so they can be accessed later in the year or in years following. You can upload your files to the Document Library then apply them to your Clearance on the Physicals page and the file will save to the Document Library for future use.

Why haven't I been cleared?

Your school will review the information you have submitted and Clear or Deny your student for participation. You will receive an email when the student is cleared.

What if I have more than one child? Do I need to create separate accounts for each?

No. Once you click on 'Start Clearance Here' in your dashboard, you will select the year and school for whichever child you are completing it for. Then it will give you the option of selecting a current child in your account, or adding another child. All children will then appear in your dashboard. You will have to complete all required steps and documentation for each child.
